

1ST SYSTEM WIDE QUALITY IMPROVEMENT AND PATIENT SAFETY FAIR SYMPOSIUM

**FRIDAY**

APRIL 19, 2024

**TIME**

8:00AM-12:00PM

KEYNOTE SPEAKER

DR. DORON SCHNEIDER

Vice President, Population Health and Clinical Strategy at Tandigm

Dr. Doron Schneider leads the Population Health Services Organization and work with Tandigm's network of primary care practices to improve the quality and efficiency of patient care. Dr. Schneider joined the Tandigm team from Abington Hospital, where he served as Chief of Patient Safety and Quality and led the facility to earn high-performance designations in multiple areas. With training in internal medicine, Dr. Schneider is highly accomplished in the field of quality and safety, with more than two dozen published articles. He has also continued to practice medicine as a primary care physician at BuxMont Medical Associates. Recognized as a top physician in Pennsylvania in 2018 and 2019.
